Summary

Motivated Computer Science graduate with a strong foundation in programming, algorithms, and software development. Proficient in Java, Python, and C, with experience gained through coursework, personal projects, and self-learning. Familiar with web development using React, Node.js, and Prisma, as well as working with REST APIs, databases, and version control systems like Git. Strong problem-solving skills, attention to detail, and a passion for learning new technologies. A quick learner with analytical thinking and teamwork abilities, eager to apply technical knowledge to real-world challenges.

Skills

- Programming Languages: Java, Python, C, SQL
- Web Development: HTML, CSS, JavaScript
- Frameworks & Libraries: React, Node.js, Express.js, Prisma
- Databases: PostgreSQL (using Prisma ORM)
- Version Control: Git, GitHub
- Cybersecurity: Basic knowledge in network security, cryptography, penetration testing concepts, and secure coding practices
- Other: REST APIs, Object-Oriented Programming (OOP), Debugging
